

Mockup

A dome-ish structure designed with these goals in mind:

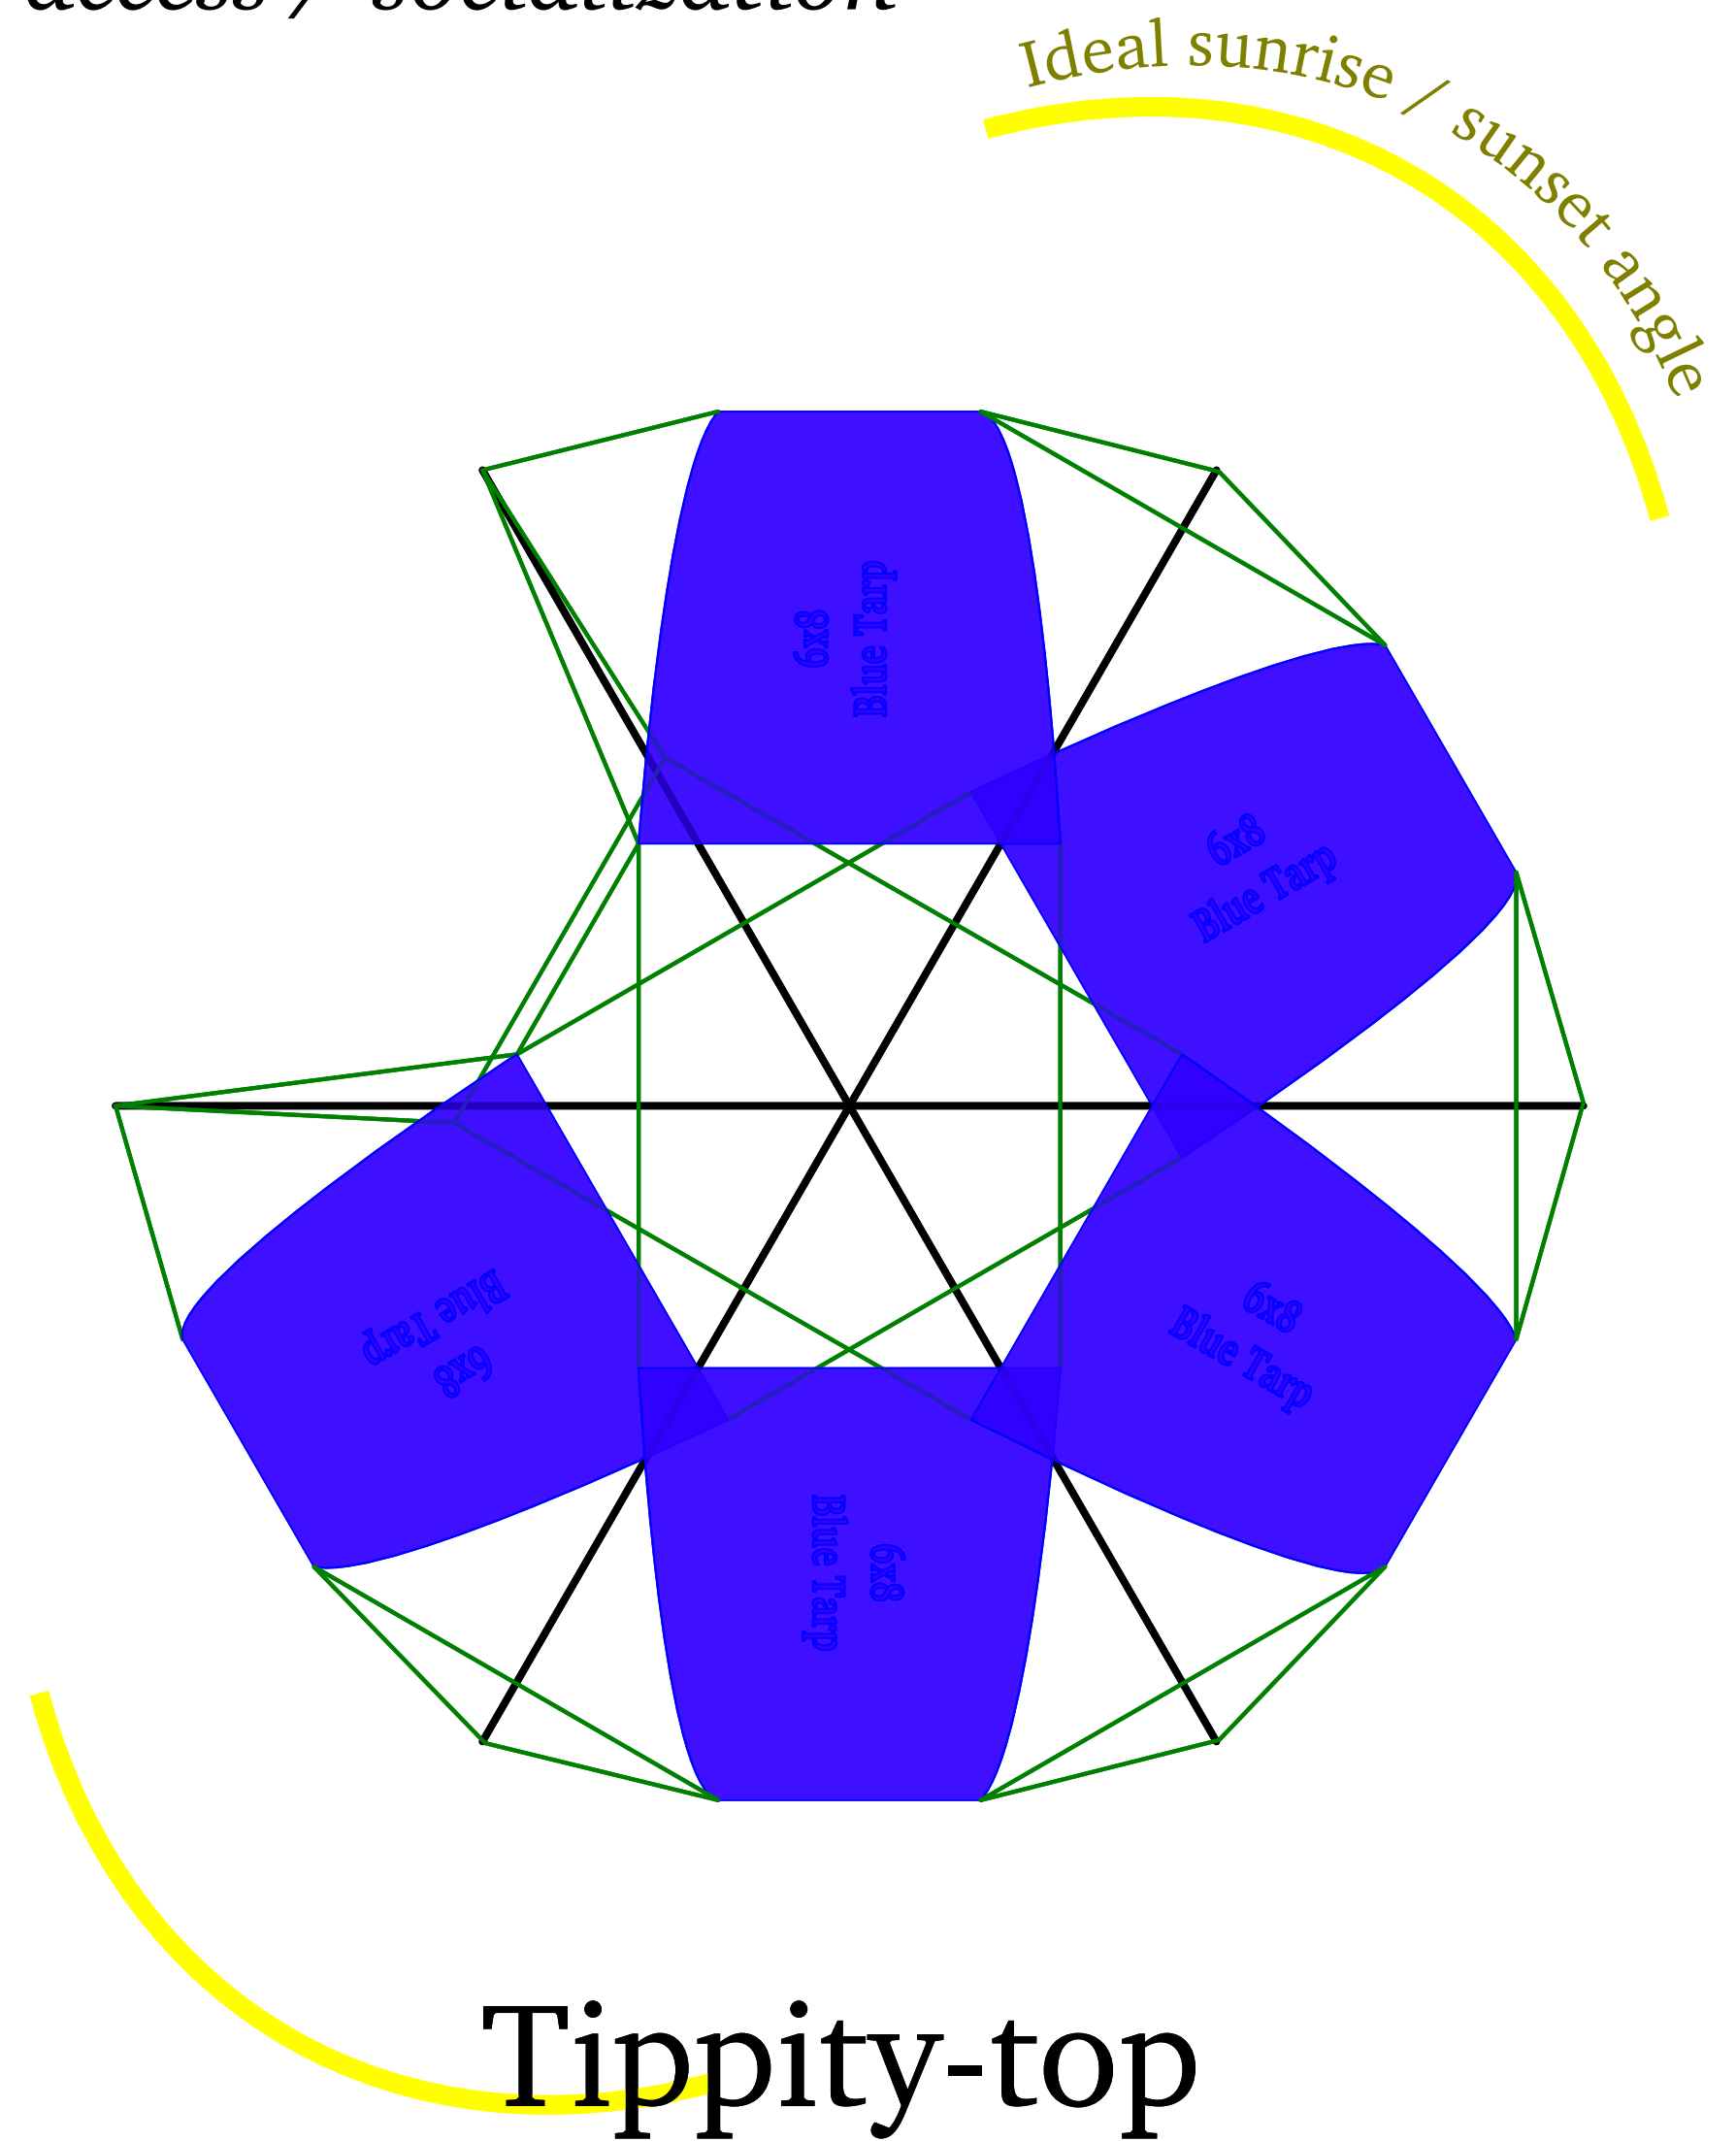

- cheap*
- quick to construct*
- quick to tear down*
- invites access / socialization*

Front

Rear

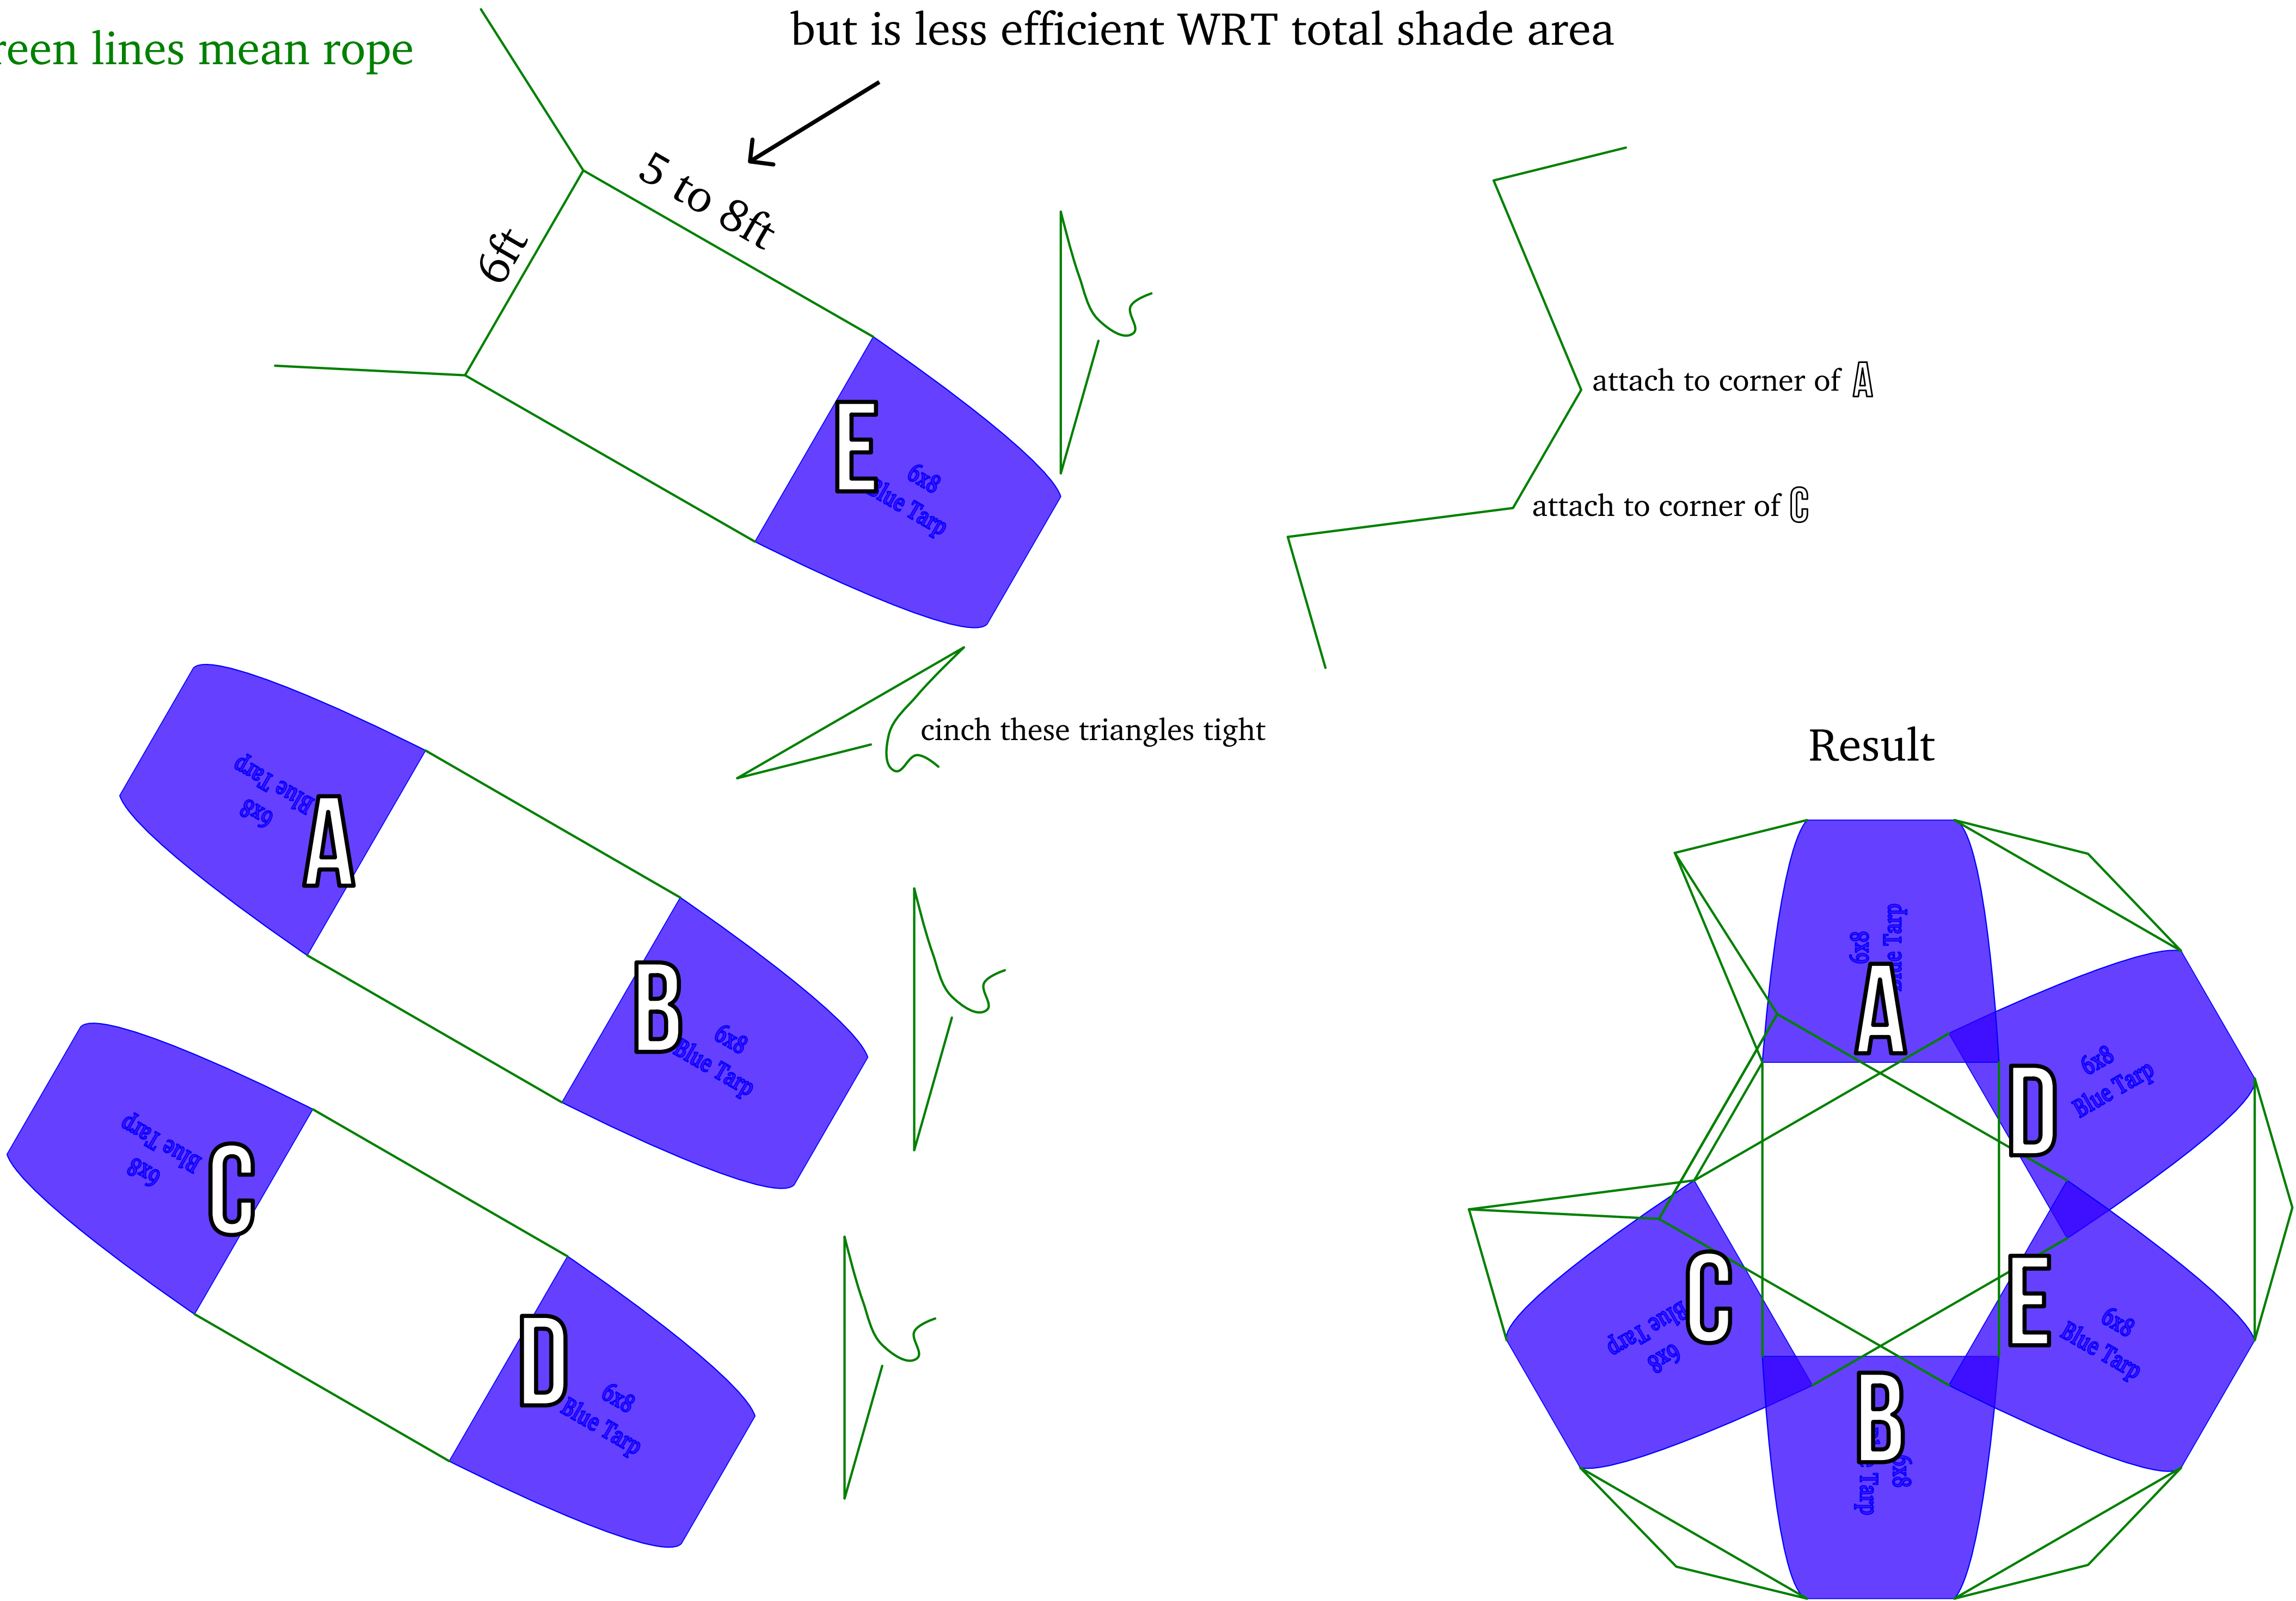

Tippity-top

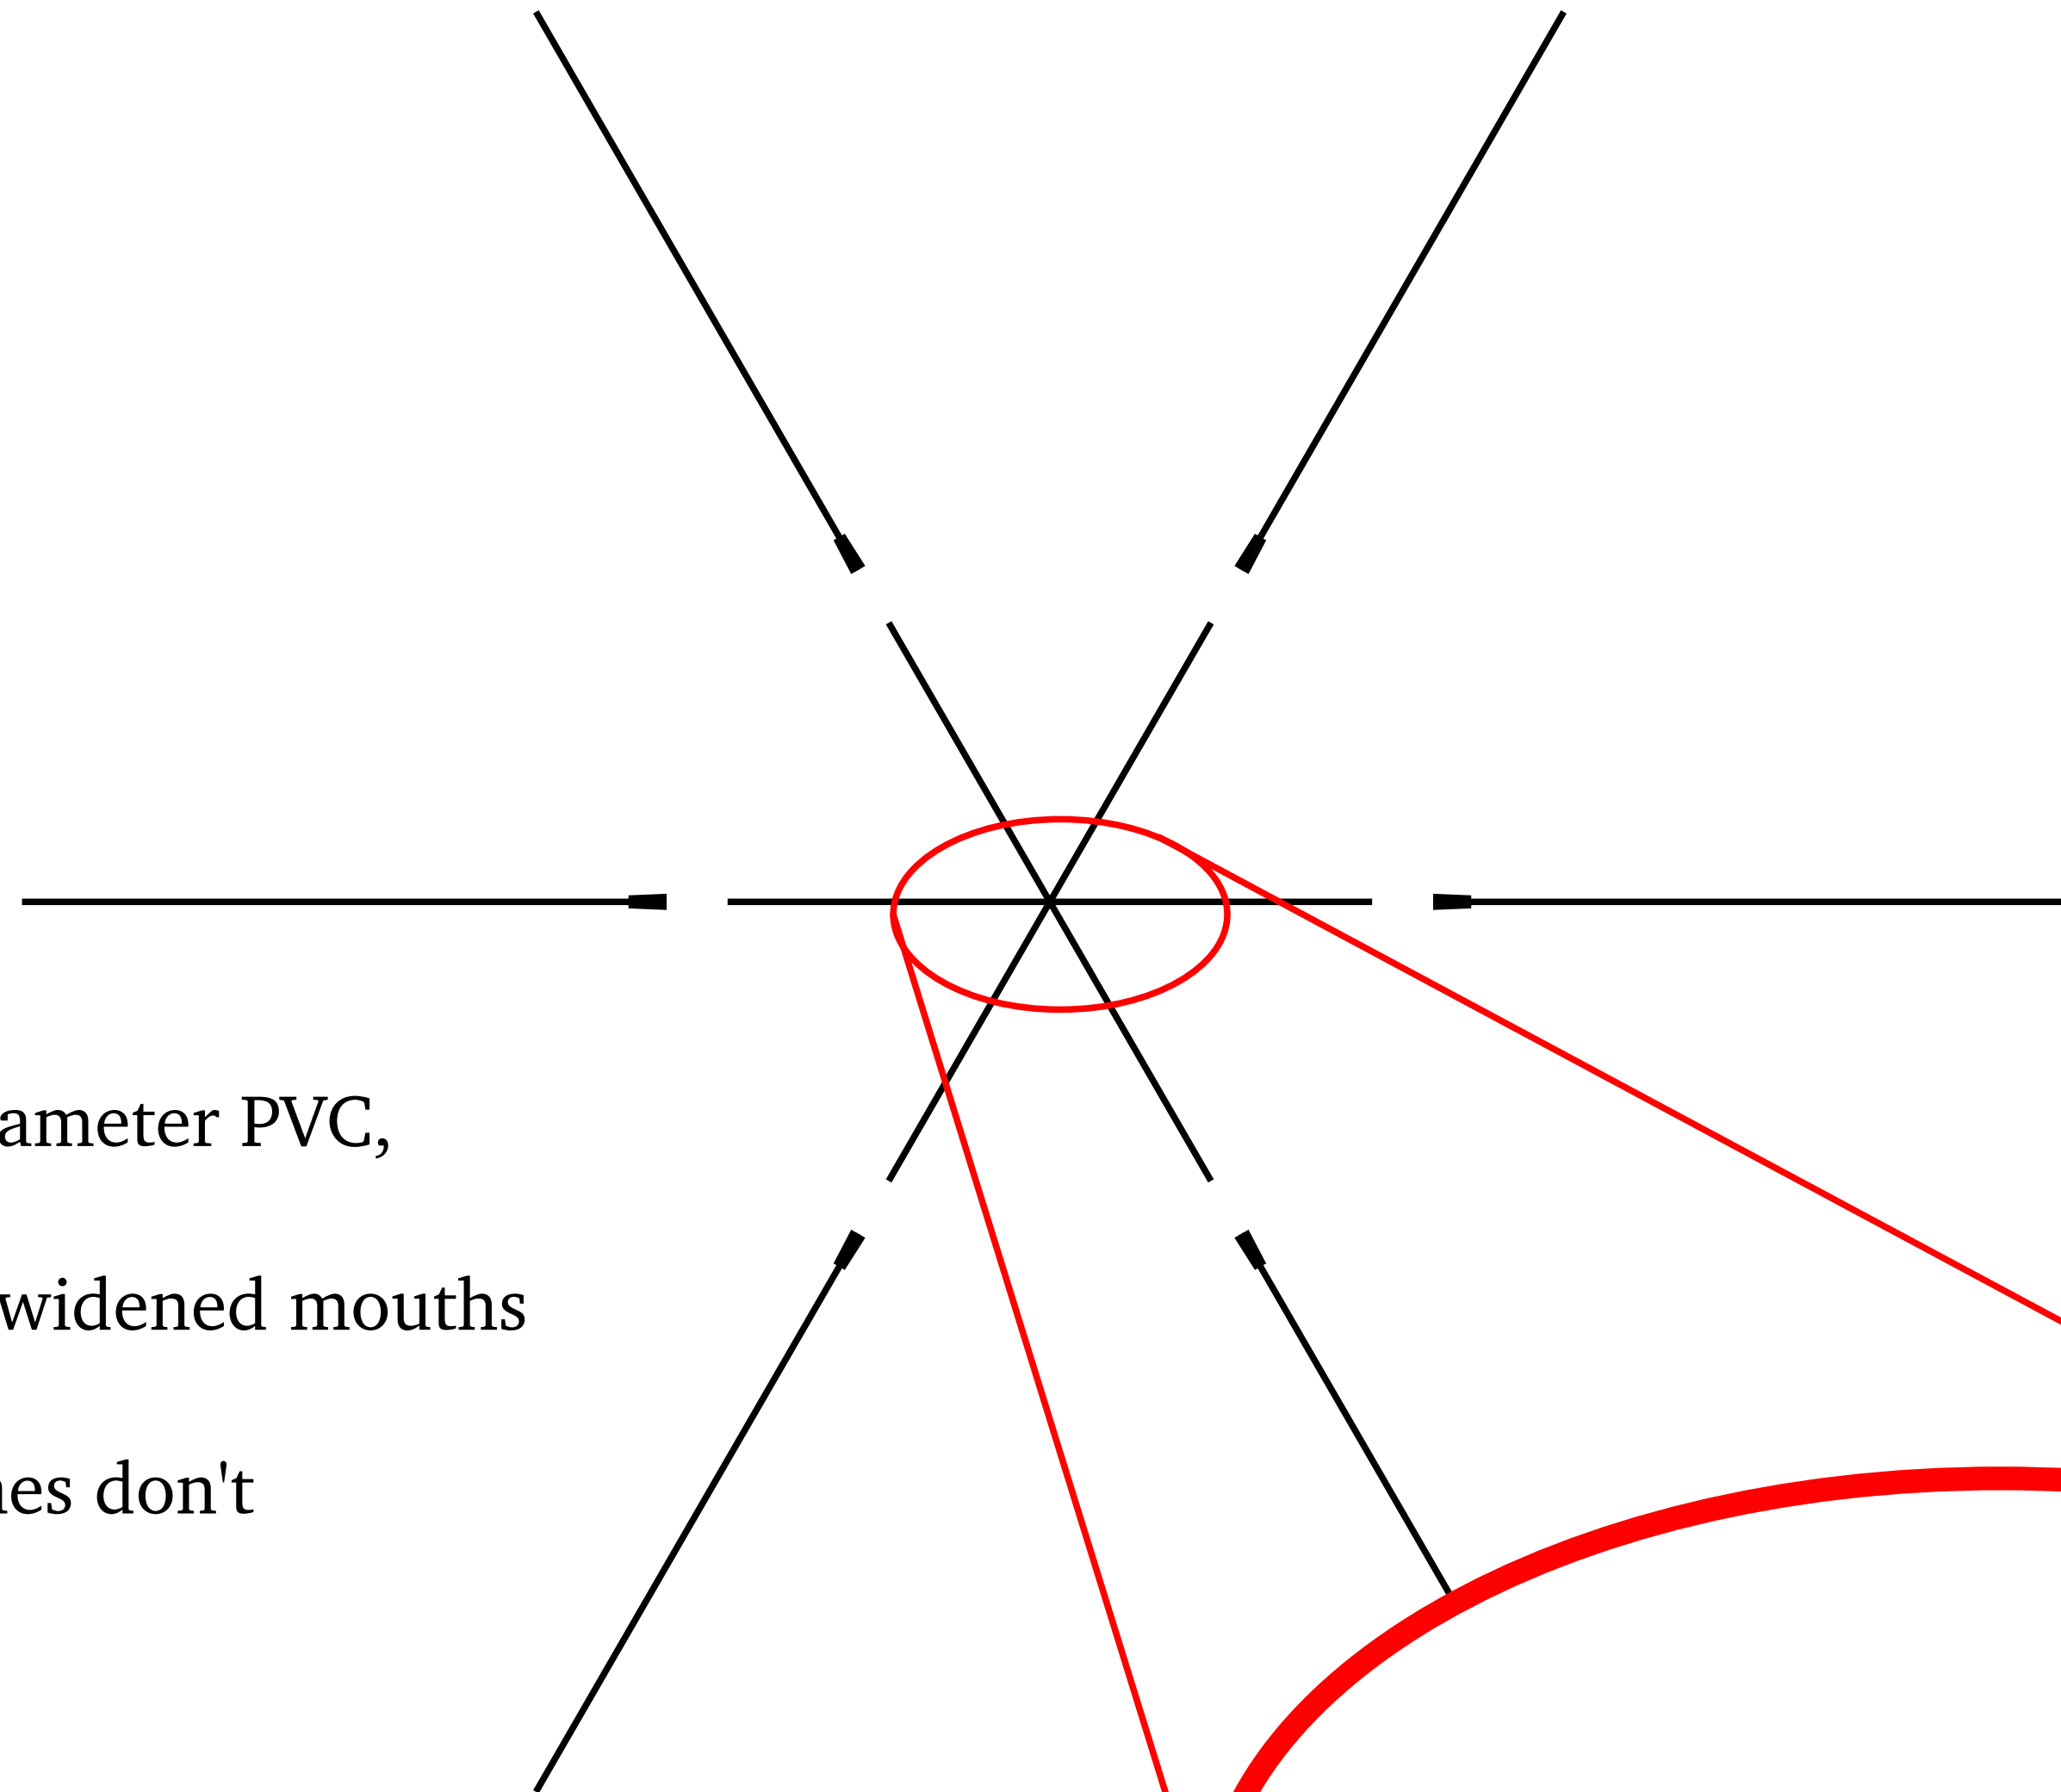

Tarp prep

Green lines mean rope

shorter gives more direct overhead shade,
but is less efficient WRT total shade area

Pipes

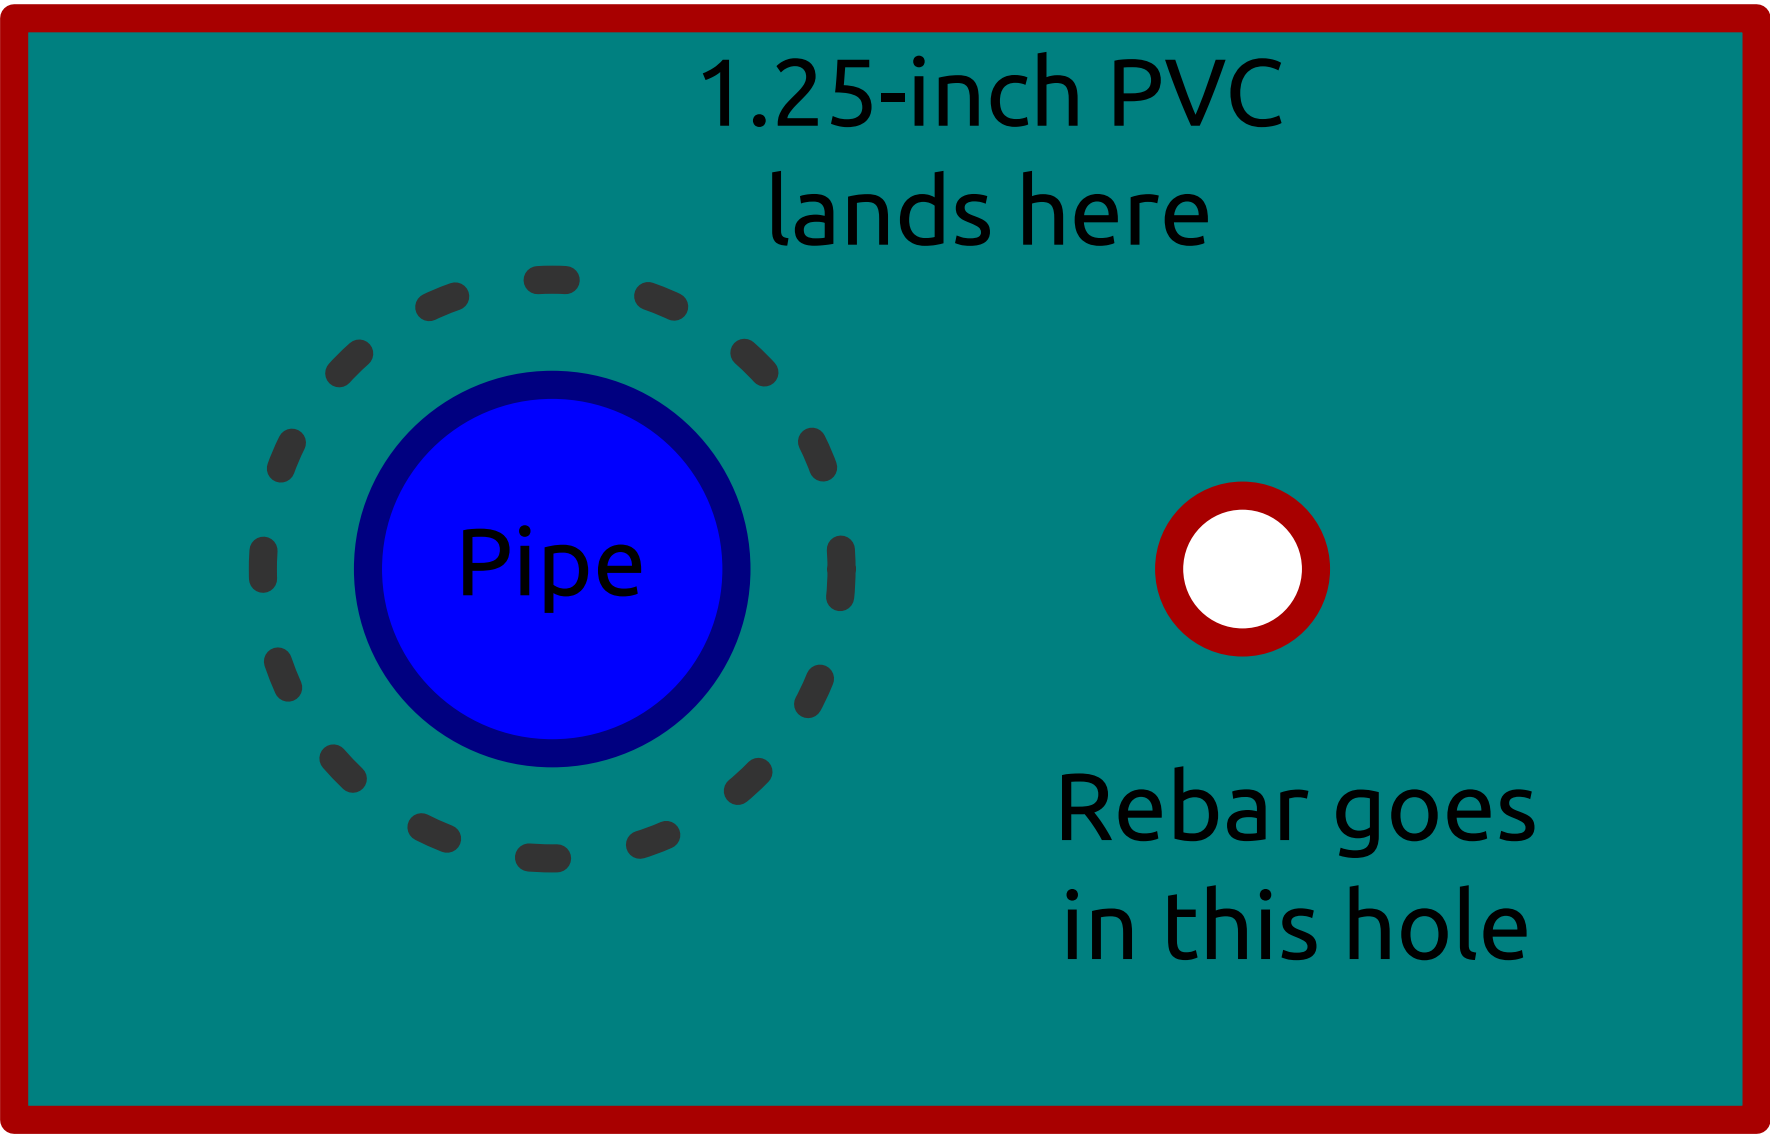

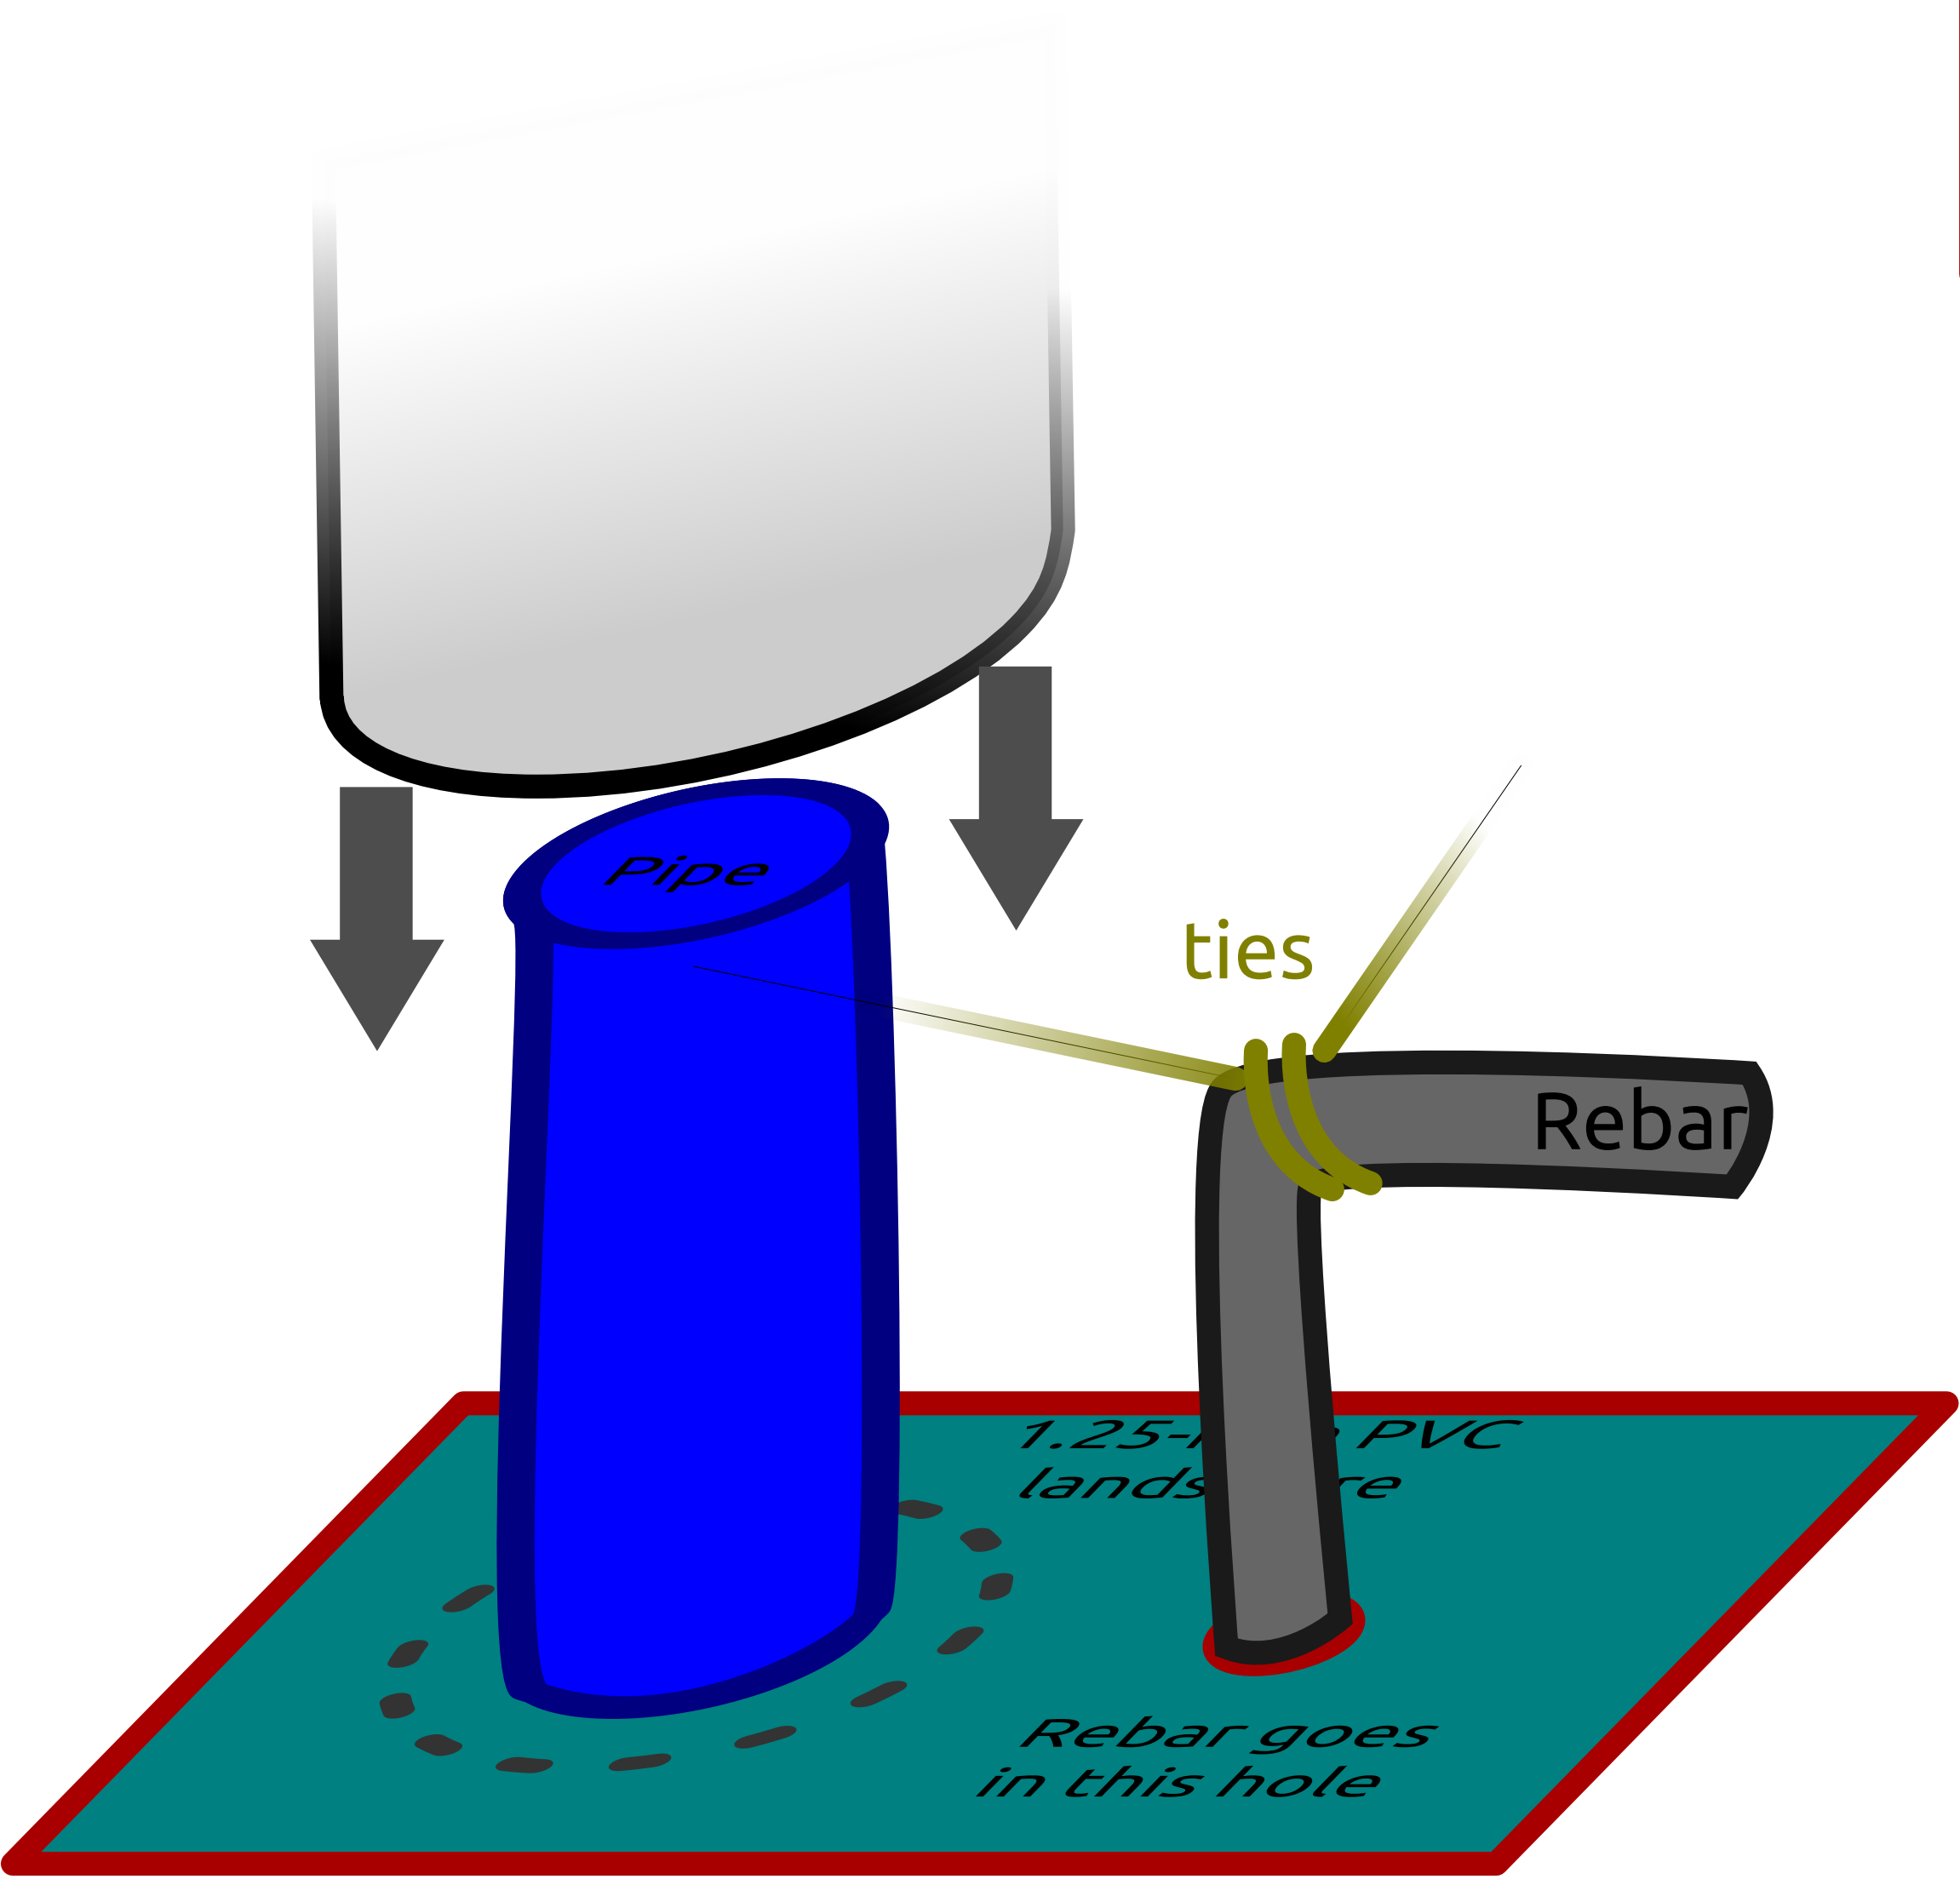

10ft long 1.25in diameter PVC,

The 6 outer ones have widened mouths

The 3 inner ones don't

The center must be durably
joined somehow

Feet

Top
